

# Pole Saw Bracket

The pole saw bracket kit will allow you to mount one Pole Saw with up to a 2" diameter shaft to mount on your Xtreme Series Trimmer Rack. This bracket can be used with both open and enclosed trailer setups.

**Note: SOLD SEPARATELY**  
**Item #: CX116**

## Instructions

The pole saw bracket kit will allow you to mount one Pole Saw with up to a 2" diameter shaft to mount on your Xtreme Series Trimmer Rack. This bracket can be used with both open and enclosed trailer setups.

There are several possible configurations for mounting the pole saw brackets onto your trimmer rack some of them require the use of the top enclosed trailer bracket which is included with the line trimmer rack. The following illustrations show the mounting options.
